

## Karoo Art Hotel has once again been awarded the prestigious 2018 DINERS CLUB WINE LIST DIAMOND AWARD!

### **Karoo Art Hotel has once again been awarded the prestigious Diners Club Wine List Diamond Award.**

Karoo Art Hotel once again, for the third year, was awarded the prestigious Diners Club Wine List Diamond Award, at a prestigious award ceremony at the One and Only Hotel, Cape Town. It is a great achievement for this funky country hotel in the Klein Karoo to have won this top wine list award. The Diamond award has been awarded to only 42 restaurants/hotels in the whole of South Africa, of which only 12 are from the Western Cape. This puts our plucky small hotel in the wine list league of the top hotels and restaurants in South Africa!

For more than two decades the Diners Club Wine List Awards have acknowledged those establishments in South Africa that offer diners the perfect glass of wine to accompany their meal and it has become a benchmark for wine excellence in the restaurant industry.

Receiving the Diamond Award is a fantastic result for Karoo Art Hotel recognises the hotel's excellent wine list, which combines the best wines available in South Africa, with a particular emphasis on a first class selection of regional Klein Karoo wines, ports and dessert brandies.

The hotel's restaurant serves great food to be enjoyed with great wines - we are proud member of the International Association of Gastronomy, Chaîne des Rôtisseurs, the international guild devoted to fine dining and the camaraderie of the table. Our restaurant has also been awarded the 'Klein Karoo Gourmand' award for several years.

In addition to all these culinary achievements, the hotel recently received its 4 star grading by the South African Tourism Grading Council. The hotel offers 15 individually designed rooms, a large swimming pool and lovely gardens. The hotel also has a 40seater private bioscope and an in-house art gallery, with a wide variety of art on display.

Keeping it funky. Keeping it country!
